RelyOn Nutec Thailand offers various basic courses for offshore training with Offshore Petroleum Industry Training Organisation (OPITO) and Technical Petroleum Training Institute (TPTI) approvals.

OPITO COURSES

Offshore Petroleum Industry Training Organisation

Basic Offshore Safety Induction and Emergency Training [BOSIET]

The training is targeted at people who are new or already work at offshore facilities. In either case, the course will introduce delegates to basic knowledge about living and working in an offshore facility and expand your skills in handling dangerous situations.

Available course variations:

BOSIET

BOSIET + CAEBS

BOSIET + EBS

BOSIET + TSBB

Duration
3 Days

Validity
4 Years

Tropical Basic Offshore Safety Induction and Emergency Training [T-BOSIET]

Working in the tropics brings specific challenges when it comes to risk assessment and handling. The course is similar to the regular BOSIET, with additional knowledge to equip personnel to handle risk in tropical regions of the world.

Available course variations:

T-BOSIET

T-BOSIET + CAEBS

T-BOSIET + EBS

T-BOSIET + TSBB

T-BOSIET + EBS + TSBB

Duration
3 Days

Validity
4 Years

Further Offshore Emergency Training / Tropical Further Offshore Emergency Training [FOET / T-FOET]

In the FOET / T-FOET, delegates will refresh the features from BOSIET / T-BOSIET, which will include the chance to practice parts of the safety routine, which usually is not possible to implement in everyday drills and on site safety training.

Available course variations:

FOET / T-FOET

FOET / T-FOET + EBS

FOET / T-FOET + TSBB

FOET / T-FOET + EBS + TSBB

FOET / T-FOET + CAEBS

Duration
1 Day

Validity
4 Years

Compressed Air Emergency Breathing System Initial Deployment Training [CA-EBS]

Working at offshore facilities sometimes mean that commuting to and from the work site is by helicopter. And in some instances, it is required to wear an apparatus also known as CA-EBS.

A CA-EBS course gives the required knowledge and understanding of the particular hazards and properties of a CA-EBS and appropriate practical emergency response actions to take should the requirement for emergency deployment arise. Its primary purpose is to supply enough oxygen for the passenger to escape the cabin.

Duration
90 Minutes

Validity
No Expiry Date

TPTI COURSES

Technical Petroleum Training Institute

Basic Offshore Safety Training [BOST]

The training is targeted at people who working on offshore installations within Thailand. The course will introduce delegates to basic knowledge and awareness about safety and emergency response procedures on offshore installations.

Duration
3 Days

Validity
3 Years

Basic Offshore Safety without HUET Training

The training is targeted at people who working on offshore installations within Thailand. The course will introduce delegates to basic knowledge and awareness about safety and emergency response procedures on offshore installations, without the HUET element.

Duration
2 Days

Validity
3 Years

Further Offshore Training [FOT]

The training is targeted at personnel working on offshore installations within Thailand. In this course, delegates will need to practice and demonstrate skills in offshore safety and emergency response.

Duration
2 Days

Validity
3 Years

Basic Offshore Safety for Infrequent Travelers [BOSIT]

The training is targeted at visitors traveling to offshore installations or vessels not more than 3 times each year and spend not more than 72 hours on any one visit. The course the basic knowledge and awareness about safety and emergency response procedures on offshore installations.

Duration
1 Day

Validity
3 Years

Shallow Water Compressed Air Emergency Breathing System Initial Deployment Training [CA-EBS]

The training is targeted at personnel traveling to an offshore oil & gas installation by helicopter and required to use CAEBS. The course is designed to complement offshore safety and emergency response training (BOST, FOT, BOSIET, T-BOSIET, FOET, T-FOET, HUET, or T-HUET)*.

**Acceptable combination in Thailand only*

Duration
2 Hours

Validity
3 Years

HOW TO BOOK COURSES WITH RELYON NUTEC THAILAND?

วิธีการจองหลักสูตรกับ?

- 1** Select the course and approval required
เลือกหลักสูตรและการอนุมัติที่จำเป็น
- 2** Submit your request via phone call or email
ส่งคำขอของคุณผ่านทางโทรศัพท์หรืออีเมล
- 3** Submit proof of payment
ส่งหลักฐานการชำระเงิน
- 4** Receive course confirmation and joining instruction
รับการยืนยันหลักสูตรและการเข้าร่วมคำแนะนำ
- 5** Attend the training on the confirmed date!
เข้าอบรมตามวันที่ยืนยัน!
