

National guidelines - Qatar

In order to comply with national requirements we are implementing the following further precautionary measures:

Travel	Any person travelling in to Doha has to quarantine for 14 days Travel within Doha, Metro, bus services have ceased travelling in Taxis is with limited personal, regular police checks are carried out.
Quarantine	Local government guidelines are 14 days quarantine, if you are experiencing flu like symptoms then you must self-isolate for 7 days. Qatar government are carrying out continuous testing.
Social distancing	We are complying with the national guidance on keeping minimum 1.5 metres social distance, Residents should not plan private gatherings of any scale, The work force are working from home and are working reduced hours, expecting an extension to lock down. Before entering the NAPT centre personal have their temperature check at the main gate.
Food hygiene	NAPT catering staff have set up the canteen area with restricted areas and you must follow the lines marked on the floor, all cutlery is wrapped in tissue and NAPT catering staff with required PPE plate your food. Only two people are allowed to sit at a table, each person is given 15 minutes to eat there food so as to allow all personal to be catered for.
Class sizes	We reduce the amount of delegates in classes to accommodate 1.5 metres social distance and if required provide theoretical teaching through webinars.
Restrictions on courses/ methodology/ equipment	Delegates are tested prior to entering the centre and during the induction delegates are informed on washing hands and location of sanitizers and to inform if they are experiencing any of the COVID 19 symptoms. Currently we don't have any courses running at the centre and it is unlikely during the month of may we will not have any courses running at the centre. We are offering Dangerous goods by air as a digital option, we are also offering our clients the option to run H2s via virtual classroom. We are also looking at our training portfolio to see what other course we can offer virtually.
Cleaning of equipment	We comply with Manufactures procedures for the cleaning of any of our breathing apparatus equipment.
Other national specific guidelines	https://www.moph.gov.qa/english/Pages/Coronavirus2019.aspx Qatar hasn't went to full lock down, they are allowing construction to continue. Personnel are allowed to go out for walks but must comply with the guidelines, no gathering in large groups and make sure you keep a safe distance.
