

## **RelyOn Nutec acquires stake in CAVU International to accelerate internationalisation of CAVU leadership and performance optimisation services**

(23 August 2021)

RelyOn Nutec has completed a strategic acquisition of initially 25% of the ownership of CAVU International.

CAVU International is a US based leadership and performance optimisation service company build on unique and best-in-class leadership experience from US and International defence. CAVU has proven capabilities in transforming underperforming teams, implementing leadership foundations, and building team cultures based on a continuous improvement cycle. CAVU's focus is on leadership, process, safety, and culture, where the margins between success and failure are narrow and the consequences of failure can be fatal.

The aim is to use RelyOn Nutec's global footprint and digital infrastructure to fast track the internationalisation of CAVU's unique consultancy services and digital leadership programs.

Torben Harring, CEO for RelyOn Nutec, said: "The acquisition of an ownership share in CAVU adds to our ongoing transformation and will allow us to offer best-in-class leadership consulting services and performance optimisation programs to our customers. We want to support our customers to further a healthy and safe work environment, by improving team dynamics to reduce the human factor behavioural risk element ultimately leading to accident prevention and performance improvements."

Dave Burnham, President and CEO for CAVU International added: "CAVU's partnership with RelyOn Nutec offers organisations a unique opportunity to accelerate their teams' training by integrating process intelligence to improve technical performance."

### **About RelyOn Nutec**

RelyOn Nutec delivers safety, compliance and competence services and solutions across the world. Through 32 facilities, RelyOn Nutec helps clients protect their people, assets and the environment. RelyOn Nutec has a deep history going back over 50 years and leads, through the intelligent application of latest technology, the energy sector as well as other safety critical industries.
